TERRITORIAL NOTES.

Items of Interest Culled From Our Exchanges.

The officers of the Pawnee Mining Company have received samples of a recent strike of rich ore made on their property in Wood Canyon in the Chiricahua mountains, says the Douglas Dispatch. Samples assayed by Worthington & Pickard run \$97 to the ton. Some of the ore is on display at Tinker & Samson's store.

Bids are being received by the management of the Arizona Michigan Copper company for the sinking of diamond drill holes on its property, located in the Copper Hill section of the Globe district. It is the intention of this company to further explore the Old Dominion fault that runs through the property with these drills.

The editor of the Sentinel this week received from the old home in Nebraska a Christmas plum pudding, the forty-first annual remembrance of this kind he has received during a residence of that duration in Yuma county. It was a perfect and toothsome specimen of the particular dish, that heritage from "Merry England" which for centuries has been associated with Christmas feasting—Yuma Sentinel.

Del Lewis, formerly sheriff of this county, is very seriously ill at the Cooper Queros hospital. He has been suffering for some time from a cancer on his tongue and Wednesday was taken to the hospital for an operation. Wednesday evening the cancer had gained such headway that it ate into the artery of the tongue and a hemorrhage resulted that caused the patient a large loss of blood—Prospector.

J. L. Phillips, who has been managing head of the Gold Road M. & E. company the past two years, is being succeeded by a new man at the mines. It is understood that Mr. Phillips will still remain with the Gold Road company in the capacity of consulting engineer. Mr. Phillips has made of the Gold Road one of the great mines of the world, and has left to the new management an ore reserve that cannot be depleted within the next twelve years—Miner.

The Arizona immigration service is finding great interest in a new branch of the service which has just been created, that of a mounted inspector for service along the international line. Those who have had experience as line riders are desirable for the position as the government admits that the work will be very rough and mountainous sections of the country. An examination will be held on February 11 in Tucson. The position pays \$1,380 per annum.

At Globe in reply to a statement of Governor Sloan with respect to statehood situation, Hunt, president of the late constitutional convention, stated that no committee will be sent to Washington before the election to ascertain the sentiment there on the constitution. He said he believed that if the constitution is approved by a large majority at the polls it will be approved by the president, and Congress. This is regarded as the pronouncement of the ratification campaign.

One would be surprised to see the number of American farmers who are coming into Sonora at present and settling in the valleys of the Yaqui and Sonora rivers. The number has been greatly increased in the past year. In 1908 there were 22 American farmers in the Yaqui delta country. In 1909 the number was increased to 80, who had 3,000 acres of wheat planted. In 1910 the number reached 160 and there was 12,000 acres planted in corn and 10,000 in wheat this year—The Sonora News.

Beginning with the first of the year the Warrior Development company will be in position to greatly increase its shipments to the smelter. Up to this time the company has been making a daily shipment of one hundred tons of ore, averaging ten per cent to the Old Dominion smelter at Globe. However, with the beginning of the new year not only will the company greatly increase the daily output, but shipments will be made to the smelter at El Paso, Texas, instead of Globe as heretofore—Silver Belt.

The strike on the Capt. John A. Duncan property already looks exceedingly good, and, if it holds up as expected, will develop into a paying copper mine that will bring the Paradise district to the front as a producer. Work on this property is not to cease at the end of the year, with completion of the assessment, but is to be continued indefinitely for the development of the ore body. That was a nice strike on the Willie Rose, too. And altogether about forty men at work in the district. Yes, the camp is looking pretty good, just now—Record.

PROSPERITY CONTINUES.

No Trouble on the West Coast of Mexico Says Banco de Sonora.

Hermosillo, Son., Dec 24, 1910.
To Our Friends, Greeting:
Having become aware that certain periodicals with large circulation in the United States have published reports indicating political disturbances in this vicinity, we take this means of advising our friends, and those interested in the development of this section, that there has been no trouble whatsoever of and description anywhere on the West Coast of Mexico, and that there is, furthermore, not the slightest reason for expecting any.

The ill-starred attempt at secession instigated by a handful of misadventurers, has been confined to a small mountain section in Chihuahua, and is at present well under the control of the Federal authorities.

Business in this State has gone on just as usual and investors in mines and lands in Sonora and other States along the West Coast of Mexico, have engaged in operations totalling hundreds of thousands of dollars, during the very time that the reports had us in the throes of a revolution.

Best Wishes for a Merry Christmas and a Happy New Year.

BANCO DE SONORA.

Arizona's Mineral Output.

The output of the mines of the territory for the year 1909, as shown by the verified statements filed, with the territorial auditor, exceeded somewhat that of the year 1908. This output was as follows:

Copper, pounds 297,702,940
Gold, ounces, 132,278,849
Silver, ounces, 2,347,709,315.
Lead, pounds, 2,153,101.
Zinc, pounds, 6,053,145.
The gross value of product was \$12,946,745.19. It will thus be seen that Arizona still leads all the states and territories in the production of copper.

ARTICLES OF INCORPORATION OF THE CRESCENT COPPER COMPANY.

Know ALL MEN BY THESE PRESENTS: That we, J. A. Chapman of Elk City, Kansas, and A. H. Parker of Nogales, Arizona, whose names are hereto subscribed, being desirous of forming a corporation under the laws of the Territory of Arizona, have this day voluntarily associated ourselves into a body corporate and have made, signed, executed and adopted these Articles of Incorporation, and for that purpose and to that end do hereby certify:

I. The name of this corporation and by which it shall be authorized to transact its business is "CRESCENT COPPER COMPANY."

II. The name of the incorporators are J. A. Chapman and A. H. Parker. The principal office or place of transacting the business of this corporation shall be kept and maintained at Nogales, Santa Cruz County, Territory of Arizona, but branch offices may be kept and maintained at such other place or places either in the United States or foreign countries as the Board of Directors may deem it necessary for the best interests of the corporation.

III. The time of the commencement of this corporation shall be the day of the filing of its Articles of Incorporation in the office of the County Recorder of Santa Cruz County, Arizona, and a certified copy thereof in the office of the Auditor for the Territory of Arizona, and its termination shall be twenty-five years thereafter, unless the same be then renewed or dissolved before that time by a majority vote of its members or by operation of law.

IV. The general nature of the business proposed to be transacted by this corporation is to locate, buy, bond, acquire, hold, own, lease, possess, operate, or sell or otherwise hypothe- case or dispose of mines or mining claims or prospects of gold, silver or copper, or any or all other kinds of mining or mineral lands or properties, oil wells, real estate and interests in any of said properties; to engage in and carry on the business of mining; to build, acquire, own and operate steam, water and other mills, smelters, sampling works and reduction works of any and every description for milling, smelting, sampling and refining ores and ore products; to acquire title to mines and mining properties, lodes and claims and reduction works, real estate, personal property and all other property of every kind and nature whatsoever, requisite and necessary to the transaction of its business, and to work, dispose of and deal in the same and in all commodities, the products thereof or pertaining thereto; to carry on and conduct a general mercantile business and to deal in and deal in any and all commodities of every kind and requisite and necessary to the successful conduct of said business; to purchase, buy, bond, acquire, hold, own, lease, possess, operate, sell, mortgage, pledge or otherwise dispose of or hypothecate oil lands, mineral lands, oil and gas, phospha, petroleum, or any of their products, salt, water and water rights, and any and all kinds of machinery or other personal property in connection with the reduction or treatment of any of said substances; to borrow money and to execute notes, bonds, mortgages or deeds of trust to secure the same; also to acquire, build, own and operate roads, bridges, ways, turnpikes, canals and other means of transportation and from its mines or works to any railroad, waterway, highway, or generally to do all things incident and necessary to the proper and successful conduct of its business, as hereinafter enumerated, and to do and perform each and every act and thing which it is lawful for natural persons to do, all of which business may be carried on at such place or places as the Board of Directors may deem necessary or expedient, and for the best interests of the corporation.

V. The amount of the capital stock of this corporation shall be One Million (\$1,000,000) Dollars, divided into one million shares of the par value of one dollar each. Shares of stock taken by any purchaser thereof shall be paid for at such time and in such manner as the Board of Directors shall determine, either in cash or by the sale and transfer of property, and said stock when issued shall be fully paid and non-assessable. The capital stock may be increased or decreased by the affirmative vote of a majority of the stock; and in case of the increase of the capital stock each shareholder shall have the privilege of subscribing for such number of shares of the increased stock as he may be entitled to in proportion to the number of shares held by him before the stock is increased.

VI. The highest amount of indebtedness or liability, either direct or contingent, to which this corporation is at any time to subject itself shall at no time exceed the amount of two-thirds of its capital stock, and the private property of the stockholders of this corporation shall be forever exempt from the payment of its corporate debts.

VII. The business affairs of this corporation shall be conducted by a Board of Directors consisting of five members each of whom shall be a stockholder, and whenever a director ceases to be a stockholder he shall at the same time cease to be a director. They shall be elected annually by the stockholders at their regular annual meeting which shall be held at the principal office of the corporation on the second Monday of each year, and shall hold their office until their successors are elected, and qualify. Any vacancy in the Board of Directors may be filled by the remaining members of the Board by appointment from among the stockholders, and such appointment shall be for the unexpired term for which the appointment is made. The incorporators whose names are hereto subscribed shall constitute the first Board of Directors, who shall constitute the Board until the annual meeting of the stockholders in January, 1912. A majority of the Board of Directors shall constitute a quorum for the transaction of business.

VIII. Within twenty days after the election of any Board of Directors, they shall meet and from among their number the officers of this corporation, who shall be a President, Vice-President, Secretary and Treasurer, and such other minor officers or agents as the Board of Directors may at any time consider necessary. All officers shall hold their office during the life of the Board of Directors by whom they are chosen and until their successors are elected and qualify, and any two officers may be filled by the same person.

IX. These Articles of Incorporation may be altered or amended at any regular meeting of the stockholders or at any special meeting called for that purpose by the affirmative vote of a majority of the stock, and the Board of Directors or any three stockholders may call a meeting of the stockholders for the election of any other purpose not contrary to law, but notice of such meeting and of such proposed amendment shall be given to each stockholder either personally or in writing, at least twenty days prior to the meeting.

IN WITNESS WHEREOF, we have hereunto set our hands and seals this twelfth day of December, A. D. nineteen hundred and ten.
